DEFENDER (LD)	Through 1997 MY

SITUATION:

CORRECT PAINT CODE AND COLOR NAMES

To assist with the selection of correctly mixed paints for body repairs, a chart has been prepared with vehicle color codes and the associated correct paint name..

RESOLUTION:

APPROVED PAINT SUPPLIERS FOR CORRECT COLOR MATCHING

When performing body repairs resulting from transportation damage or accident damage, the use of approved paint suppliers will ensure that the most correct color match is obtained.

Note that there are only four factory-approved paint suppliers, although other manufacturers may have Land Rover code listings.

Approved Suppliers for Land Rover Body Panel Refinishing	
Supplier	Information Line
Pittsburgh Paints and Glass (PPG)	1-440 572-6100
DuPont	1-800-338-7668, option 3
ICI	1-800-984-5444
Herberts	1-800-551-9296

Color match can be difficult with certain metallic or micatallic paints. The approved paint suppliers have special color variation and matching information available from the production line. They may be able to assist in the matching process.

WARRANTY CLAIMS:

Normal warranty policy and procedures apply
